WELCOME TO EASTOPOLY

Inspired by the famous Parker Brothers' *Monopoly*, and Wylie, Texas version *Wylieopoly*, ***Eastopoly*** is based upon a day in the life as a Raider at Wylie East High School. Creators and Blue Print Staff Reporters junior Liz Harkins and senior Zoe Villegas proudly present this full color board game meant for anyone who lives by Mike's notorious mantra:

It's a great day to be alive, and a great day to be a Raider.

INSTRUCTIONS

OBJECT

the object of the game is to have the highest average after finishing high school by
gaining properties and money/grades. Players only go around the board four times to represent four years of high school: freshman, sophomore, junior, senior.

EQUIPMENT

the equipment consists of a board, six tokens, Raider Bucs, Principal's Office cards and Club cards for each club or sport. When playing, supply a die and print two $500 pages, two $100 pages, four $50 pages, three $10 pages, three $5 pages, and three $1 pages.

PREPARATION

place the board on a table and put the Principal's Office cards face down on their allotted spaces on the board. Each player chooses one token to represent him/her while traveling around the board. Each player is given $900 divided as follows: 1 each of $500s, $100s, 2 of $50s; 6 $20s; 5 each of $10s, $5s and $1s. The remaining money goes to the Spirit Shop.

BANKER

select as Banker a player who will also make a good Auctioneer. A Banker who plays in the game must keep his/her personal funds separate from those of the Spirit Shop. When more than five persons play, the Banker may elect to act only as Banker and Auctioneer.

THE SPIRIT SHOP

Besides the Spirit Shop's money, the Spirit Shop holds the Club cards and houses and hotels prior to purchase and use by the players. The Spirit Shop pays salaries and bonuses. It sells and auctions properties and hands out their proper Club cards. The Spirit Shop collects all taxes, fines, loans & interest and the price of all properties which it sells and auctions. The Spirit Shop never "goes broke." If the Spirit Shop runs out of money, the Banker may issue as much more as may be needed by writing on any ordinary paper.

THE PLAY

- Each player takes turns throwing the die. The highest number goes first. Place your token on the corner spot labeled **"FRONT DOORS,"** throw your dice and move in the direction the arrow points. The turn moves to the player on the left. Two or more tokens may rest on the same spot at the same time.
  - If you land on a Club card, the player buys a property or pay rent for the property. If you land on a Principal's Office space take one card from the pile *(see **PRINCIPAL'S OFFICE**)*.
  - If you throw a six, you move your token as usual, and are subject to any privileges or penalties pertaining to the space on which you land. Retaining the dice, throw again and move your token as before. If you throw evens three times in succession, move your token immediately to the space marked "**ISS**" *(see ISS)*.

"FRONT DOORS"

each time a player's token lands on or passes over **FRONT DOORS**, whether by throwing the dice or
drawing a card, the Banker pays him/her a $200 salary.

BUYING PROPERTY

Whenever you land on an unowned property you may buy that property from the Spirit Shop at its printed price. You receive the Club card showing ownership; place it face up in front of you. If you do not wish to buy the property, there will be no auction.

PAYING RENT

- When landing on property owned by another player, the owner collects rent from the player in accordance with the list printed on its Club card.
- In this version, you get no gain for having multiple properties of one color, just be proud of the good grades.
- The owner may not collect the rent if he/she fails to ask for it before the second player following throws the dice.

PRINCIPAL'S OFFICE CARDS

- When you land on one of these spaces, take the top card from the deck, follow the instructions then return the card face down on the bottom of the deck.
- The "Get out of ISS" card is kept until used then returned to the bottom of the deck.

DRESS CODE TAX

- *If you land on one of these spaces, you may either pay $200 or pay %10 of your earnings. You must decide which option before counting your total earnings.*

ISS

- *You end up in ISS when... (1) your token lands in the space marked "Go to ISS"; (2) You draw a card telling you to "Go to ISS"; (3) your roll an even number three times in a row.*
- *When sent to ISS, do not pass go and do not collect $200. If you land on the space labeled ISS, sit on just visiting.*
- *You get out of ISS by (1) Rolling a six; (2) With the "Get out of ISS" card; (3) Paying $50 to the Spirit Shop. If you do not roll a six by your 3rd turn, pay $50 to the Spirit Shop.*

BANKRUPTCY

Players do not leave the game until they have went around the board four times. If you lose all your money, and have no properties, you do not pay rent. This just means you're failing school. If you have money but not enough to pay, you give as much as you can. After every player has gone around the board four times, the game ends and players add up their earnings. The player with the highest amount wins.
